Abstract deadline: 31st January 2026

International Conference on Sintering

Conference topics:

- Conventional sintering and sintering atmospheres
- Field-assisted sintering
(FAST/SPS, FAST/EDS, flash, microwave sintering)
- Pressure-assisted sintering (HP, HIP)
- Ultra-fast high-temperature, photonic, cold sintering
- Fundamental aspects, modeling and microstructure evolution during sintering

International Chairs:

Olivier Guillon (LIST, Luxembourg)
Rajendra K. Bordia (Clemson University, USA)
Eugene A. Olevsky (San Diego State University, USA)
Fumihiro Wakai (NIMS, Japan)
Young-Wook Kim (University of Seoul, Republic of Korea)

LUXEMBOURG
INSTITUTE OF SCIENCE
AND TECHNOLOGY

RWTHAACHEN
UNIVERSITY
